27th November 2008

Mr K. Clarke, QC, MP

Dear Mr Clarke,

**Bingham Area Issues
Reference your letter of November 19th.**

Thank you for offering to ask the County Council to respond to our proposals and we look forward to hearing the response to this and also our traffic congestion problem.

We must point out that the Borough Council also has some parking responsibility; it formed a Parking Panel and invited us to present to it in January this year. We have received no subsequent response and our letters to Mr Neil Clarke have not been answered.

We must assume that the views of the 1,600 people who signed our petition are unimportant to the Borough Council.

As you say, the residents have different perceptions of the parking problems but we believe that our proposals would meet the short and long term needs of the vast majority of townfolk whether they are residents, traders or service organizations.

May we also ask if there has been any progress on arrangements for us to present to the Local Strategic Partnership?

Thank you for your help on these matters.

Best Wishes

Tim Chamberlin, Chairman, Community Concern.

cc Martin Suthers OBE, Mr Neil Clarke (RBC), Mr Mick Burrows (NCC).
